SUMMARY

Experienced designer moving into Product Design after 10+ years in visual systems, design direction, and direct client/founder work across 3,000+ projects. Brings strong visual craft, systems thinking, business awareness, and stakeholder communication. Building hands-on Product Design experience through problem framing, research, user flows, prototyping, testing, and interaction design, using AI-assisted implementation to turn designs into live prototypes. Seeking a Product Designer role in a cross-functional team.

SELECTED PRODUCT & SYSTEMS WORK

TravelXXX - Product Design | Independent Project | Aug 2026-Present

- Framed a mobile-first hotel discovery and comparison opportunity around **contextual discovery and price transparency**, connecting user friction with potential search abandonment and booking drop-off.
- Translated competitive research and product hypotheses into **user/business value, information architecture, user flows, and a live interactive prototype**; usability testing and iteration are the next validation step.

Perdana's Computer - Product Design & Design Engineering | Independent Project | Jul 2026-Present

- Framed the portfolio as a product for recruiters and design teams, balancing a distinctive interaction model with **fast project discovery and evaluation**.
- Mapped **user flows and information architecture**, wireframed in Figma, conducted **task-based testing with 3 users**, and iterated navigation and interaction.
- Built and shipped responsive product flows using **AI-assisted front-end implementation** with React, HTML/CSS/JavaScript, Git/GitHub, and Vercel.

HoloHealth - Scalable Iconography System | Design Lead | Apr 2025-Jun 2026

- Led visual direction and production for **2,500+ veterinary, medical, health, and product-related icons/assets**; established master designs, directed another designer, reviewed quality, and managed founder communication.

Shipfaster UI - Iconography Design System | Iconography Designer | Jun 2024-Aug 2024

- Developed a scalable icon library for a Figma UI kit with **reusable components and variants** across styles and sizes, using consistent grids and implementation-ready structures.

PROFESSIONAL EXPERIENCE

Product Design - Independent Projects | Jul 2026-Present

- Building hands-on Product Design experience through TravelXXX and Perdana's Computer across **problem framing, research, user flows, information architecture, prototyping, usability testing, iteration, shipping, and AI-assisted live implementation**.

Conania - Visual Designer & Design Lead | Mar 2016-Jul 2026 | Indonesia

- Delivered **3,000+ design projects** for startups, founders, and SME clients worldwide across 10+ years, earning **2,000+ five-star ratings**.
- Worked directly with founders and clients to **understand business goals, clarify ambiguous requirements, navigate scope and constraints**, and translate them into clear, scalable design solutions.
- Led design direction and **hired/coordinated freelance designers and production partners**, balancing quality, feedback, deadlines, and delivery across concurrent projects.

Sinidikara - Social Media Designer | Dec 2019-Jan 2022 | Jakarta, Indonesia

- Contributed to growing Mayora's community from **40K to 100K (+150%)** through audience-informed content strategy, visual design, and iterative experiments informed by behavior and performance data.

Additional Experience: PT Bank Mandiri - Environmental Graphic Designer (2019) | Kementerian Sekretariat Negara - Design Curator (2019) | Mehibi Studio - Graphic Design Intern (2016)

EDUCATION & CERTIFICATION

Google UX Design Professional Certificate - Google / Coursera | Aug 2026

Bachelor of Design, Visual Communication Design - Institut Kesenian Jakarta | 2017-2021 | GPA 3.70/4.00

SKILLS

Product & UX: Problem Framing, User Research, User Flows, Information Architecture, Wireframing, Prototyping, Usability Testing, Interaction Design, Responsive Design

Systems & Visual: Design Systems, UI Components, Component Variants, Iconography Systems, Visual Systems, Typography, Layout & Grid

Collaboration & Business: Stakeholder Communication, Client/Founder Communication, Requirements Clarification, Design Direction

Tools & Prototyping: Figma, Adobe Illustrator, Adobe Photoshop, AI-Assisted Prototyping, HTML/CSS/JavaScript, React, Next.js, Tailwind CSS, Git/GitHub, Vercel
